Attn: R. C. Smith

I am submitting the enclosed resume for consideration of the **Electrical/Electronics Servicer** position which appeared in The Patriot News on May 1, 2011. My background has given me the hands-on experience in all facets of troubleshooting and repairing machinery.

Highlights of my background include:

- More than 10 years of experience with Cumberland Technology and Spectrum Electronics troubleshooting and performing electrical/electronic, PLC, Servo Control and mechanical repairs on numerous types of machines.
- Completion of electrical/electronic apprenticeship program and company sponsored educational programs including programmable controls.

Please review the attached resume which further details my background. I look forward to a favorable review of my credentials and an interview with your firm. I can be reached on my cell phone at (717) 920-5250.

Sincerely,

Jonathan J. Jones
